COOL TIMES @ REBEKAH REHAB W/ MUSIC, SNACKS, & COOL GLASSES FOR THE TOTAL SOLAR ECLIPSE!

On April 8th, 2024, parts of North America had a rare and awe-inspiring opportunity to witness a breathtaking natural phenomenon - a total solar eclipse. This mesmerizing event was truly a once-in-a-lifetime experience, as the Moon completely blocked out the Sun, turning the sky into a mysterious and mesmerizing shade of twilight. Millions of people across the continent marveled at this incredible sight, filled with wonder and amazement at the power and beauty of our universe. So, mark your calendars for the next anticipated solar eclipse 20 years from now and get ready to be transported into a world of magic and wonder!

A Note from the Administrator

TEAM BONDING LUNCH @ PATRICIA'S OF TREMONT!

The sound of the singing cardinals hitting their high notes have announced that spring is finally here. Flowers are blooming and the cherry blossoms are in appearance. The activity calendar in the recreation department is filled with outdoor activities and gardening events. The residents are eager to enjoy the outdoor events and to savor the taste of the famous "Coco Helados". We are looking forward to celebrating the new season, to welcoming new residents and celebrating those who are now part of the Rebekah family. We continue to nurture an environment of inclusion, respect and belonging. We are ready to celebrate the colorful season, to engage in more team-building experiences and fulfill our mission of providing our residents and staff with an environment of Dignity, Love Safety and Respect.

Sincerely,
Fedra Manigaulte, MPA, LNHA

Gardening Group program for our Green Thumb Residents!

Embark on a journey of growth and vitality with our annual gardening group program at Rebekah Rehab and Extended Care Center. Delve into the therapeutic wonders of horticulture as we cultivate not just plants, but purpose and joy among our elderly residents. Through nurturing greenery and fostering community bonds, residents will discover renewed meaning and fulfillment, finding solace and empowerment amidst nature's embraces. Join us in sowing the seeds of well-being and blossoming into a vibrant, flourishing garden of life and creating friendships with a green thumb in mind!

THE ADMISSIONS CORNER

Rebekah Rehab is a state-of-the-art facility that provides a full range of short-term rehabilitative health services, complex clinical and long-term care. Located on the seven-acre Odd Fellow Life Community Campus. The nursing department at Rebekah Rehab strives to enhance the residents' optimum health, comfort, independence and well-being. Nursing specialists provide expertise in important disciplines including care planning, infection control, staff education and quality improvement initiatives. Most importantly, our nursing staff is present 24 hours/7 days a week to provide caring, professional and personalized care for our residents.

Therapy services are delivered by a full time, dedicated team. The rehab staff is not only experienced in the many areas of short- & long-term care but is also bilingual to effectively service various cultures. These focused and comprehensive rehab services are delivered up to 7 days a week depending on condition and necessity for up to 3 hours of therapy a day. This allows us the ability to deliver both short-term and long-term services with maximum benefit and results.

Please contact our friendly admissions staff at 718-863-6200 ext. 1121 or 1125.
